Marine Gam Qeshm Co

Marine Gam Qeshm (MGQ)

Marine Engineering • Maintenance & Repair • Technical Supply

Company Overview

Marine Gam Qeshm (MGQ) is a specialized marine engineering and technical service provider established in the Qeshm Free Zone, strategically positioned to support vessels and offshore units operating throughout the Persian Gulf.

With a focus on **Marine Engineering, Maintenance & Repair, and Technical Supply**, MGQ delivers reliable, efficient, and time-critical solutions for shipowners, offshore operators, oil & gas contractors, and marine industrial sectors.

Empowered by a highly trained engineering team and an extensive global supply network, MGQ ensures technical excellence, operational safety, and service integrity. Our purpose is to keep your fleet operating at peak performance with minimal downtime.

Vision

To be recognized as a leading and trusted marine service provider in the Persian Gulf through innovation, reliability, and engineering excellence.

Mission

To provide world-class marine engineering, repair, and supply solutions that enhance operational efficiency, support safe navigation, and maintain full compliance with international maritime standards
